Big Carnival Coming Up Personnel of School Staff

Believe it or not, the biggest Carnival and funfest in the history of Raymond is coming up, and will arrive here for presentation on Nov. 2nd 3rd and 4th.

Tickets have been in circulation for some time, and are selling very well, and the Committees were chosen and held their first meeting on Sunday night last, and there will be no overlapping of work, everyone has plenty to do, and judging by the enthusiasm at the meeting they are going to do it in a big way.

Patterned somewhat after last year's gala show, this one will be even better, and all the loose ends, and unsatisfactory parts of last year's Carnival will be rectified and improved upon for this year.

There will be games of all kinds,

markets, auction sales of everything from pins and needles to threshing machines and combines, and for the big prize of the drawing, a brand new 1932 DeLuxe Tudor Ford, now on display at King Motors.

If you have not seen this car, you should see it, and then buy your TICKETS, not ticket, but TICKETS. You have just as good a chance as anyone else, and someone is going to have a nice, new, shiny car to joy ride in, and boy, how I hope it will be me! There will only be 4,999 hoping the same thing, so the odds are not very much against you.

Keep the dates in mind and join in the fun. It won't cost you much, and you will be helping out in a good cause at the same time.

PUBLIC SCHOOL STUDENTS TO ATTEND AT HIGH SCHOOL

GRADE VII

Herbert Wade, Arthur Hutcheson, Lila Litchfield, Harold Strong, Frank Borrows, George Heggie, Miss Heggie, Edgar Hansen, Ione Humphries, Susie Matyko, Franklin Smith, James Forke, Chidulka Tanaka, George Ina Crawford, Hazel Depew, Myrtle Jensen, Lloyd McBride, Elizabeth Nemeth, Frank Saidl, Bruce Olsen.

GRADE VIII

Frances Brown, Marshall Hervey, Abachi, Eva Hawkins, Myrtle Mar, Doyle Reay, Harold Lee, Takyo Tak, Edith Hall, Inez Scoville, Vera Nilsson.

Sunday Evening Programs

The program at the Raymond Second Ward Sunday night was under the direction of the Genealogical Committee, and Paul Schneider conducted. After the opening exercises under the direction of the Bishopric, the following program was carried out.

Reading, "The Turning Point" by Mrs. Henry Gibb.
Tall: by M. T. King on the "Birth Right of Joseph Smith." This talk was very interesting, and brought out a great many points regarding the whys and wherefores of our being

here, and the necessity of genealogy. Miss Muriel Webster sang, "Kind Words are Sweet Tones of the Heart," the Choir joining in the chorus.

Earl P. Tanager, Magrath, State Chairman of Genealogical Work, was in attendance and spoke briefly at the conclusion of the program.

A similar program was held in the Raymond First Ward, with Pres. O. H. Snow giving the talk on the subject of the evening, "The Birth Right of the Prophet Joseph Smith."

Good congregations were present at both meetings.

B. of M. Crop Report

General. Harvesting operations in the Prairie Provinces which had been proceeding rapidly under favorable weather conditions are now delayed by fairly general rains and by snow falls in parts of Alberta. Some reduction in grades may result. It is estimated that from 50 to 60 p.c. of the Western wheat crop has been threshed. A preliminary estimate of the Dominion Bureau of Statistics places the total wheat crop for the Dominion at 467,150,000 bushels, an increase of 163,000,000 bushels over last year. In Quebec a cereal crop above the average is now being threshed. Harvesting of a good tobacco crop is under way. Apples are plentiful and is well advanced of grain crops that roots promising. In Ontario threshing and quality. Corn, peaches, grapes are proving satisfactory in both yield and tobacco are all yielding good crops. In the Maritime provinces the weather has favored harvesting operations and an average crop of cereals is expected. In B. C. threshing of a good average crop of cereals is well advanced and tree fruits continue to give good promise. Details follow:

PRAIRIE PROVINCE

ALBERTA: North-eastern Area. Wheat threshing is about 50 p.c. completed; the average yield is from 15 to 18 bushels, grading high. Early returns of coarse grains vary considerably. The average yield of oats is estimated at 20 bushels, barley 15 bushels. Southeastern Area. Threshing is about 75 p.c. completed. The clover mostly contract grades. Western Area. About 60 p.c. of threshing is completed in the southern section but elsewhere it has just commenced. Early returns of wheat average are 25 bushels of good grade. Cutting of coarse grains is almost completed but there has been little threshing to date. A record sugar beet yield is anticipated. Eastern Area. Northern Area. With 50 p.c. of the wheat crop threshed, yields are lower than anticipated. Grades averaging No. 2. Coarse grains are sufficient for feed requirements. Southern Area. About 70 p.c. of the wheat crop is threshed and from 50 to 55 p.c. of the coarse grains. Wheat is yielding poorly and grading high. The yield of coarse

grains is disappointing. Manitoba. Over 85 p.c. of wheat and 75 p.c. of coarse grains has been threshed. The average yields are, wheat 16 to 18 bushels, oats 2 to 30 bushels, barley 20 to 30 bushels. Grain marketed to date has graded high.

Province of Quebec

Corn of good quality and yield is now being cut. Potatoes have suffered from blight in a number of localities yet a good yield is expected. Other root crops are promising. Apples are plentiful. The tobacco crop is good and in some districts its harvesting has begun.

Province of Ontario

Alfalfa for seed is a failure and yields of all clover seeds are poor. Corn cutting is general, the crop is very good and borer damage light. Peaches are an excellent crop and above average in quality. Grapes are a good crop but in unsprayed vineyards considerable damage is reported from the grape leaf hopper. Cutting of a very satisfactory tobacco crop of exceptional good quality has just been completed. Frost on Sept. 17th in Norfolk County damaged the unharvested portion of the crop and it is estimated that 2,000,000 pounds mostly of poor quality leaf will be lost.

Maritime Provinces

Potato digging should commence next week; the yield will be adversely affected by rot and rust. The apple crop has suffered from wind storms and the yield will be considerably less than was anticipated.

Province of B. C.

Tree fruits have benefited by recent rain and are in good condition. The apple crop is now estimated at 110 p.c. Harvesting of root crops is well under way and a better than average yield is expected. Potatoes and other vegetables are also above average.

News Notes

The Northwest Stearlene Refinery in Coultis is shipping an average of three tank cars of gasoline per day now. A great deal of oil for road work in Montana has also been shipped.

News Notes

Gordon Brewerton of Arcadon was a Raymond visitor on Tuesday this week.

The School houses will be filled on Monday morning, and the long holidays of summer will be over.

Wm. Paris was in Magrath on business on Tuesday of last week. "Bill" has some busy days with winter approaching.

The regular meeting of the Town Council was held last Thursday night, and routine matters occupied the time, and the payroll was passed.

Everybody is busy these days with the beet harvest, and practically every hour of daylight is being utilized by beet workers.

Mr. and Mrs. E. L. Spackman and family were in Stirling on Sunday for the funeral of Mr. W. Tillaack who was buried there.

W. H. McIntyre of Magrath was again elected President of the Beef Calf Club for the district at the meeting held in Lethbridge recently.

Einar Einarson, an old timer and farmer near Ethridge, Montana, shot himself with a revolver last week. He was 58 years of age, and illness was the cause of his rash act.

A. W. Jones and family, and Scott Salmon and family, both of Hartley, are back in Raymond for the winter months, the men having work in the Sugar Factory.

Anniversary week at the Capitol will be from October 3rd to 8th, this year, and in addition to nightly prizes Lee is giving away a \$50.00 diamond ring. This is an annual event at the Capitol, and is always looked forward to with interest by Raymond's theatre goers.

Fred Carleton, former manager of Radio Station CFAC was found guilty of forgery and uttering in Calgary court recently, and he was sentenced to 18 months in Lethbridge. When he needed money he made out fictitious bills for the work of artists in the studio, and collected them, pocketing the money. He was known to radio fans all over southern Alberta.

Anniversary Week

Just to remind you folks that our Fourth Anniversary Week starts next Monday and continues for the following six days. The pictures selected are worthy of this Annunay event. Each one is an outstanding attraction so make your arrangements NOW to be present at each change of program.

And remember Folks, FREE GIFTS every night including TOODLES DOLLS, and \$30.00 DIAMOND RING on FRIDAY, October 7th, 1932.

LEE BREWERTON.

News Notes

Alberta Wheat Pool sold two carloads of wheat to China on September 19th.

Alberta wheat growers desiring to place their wheat in the 1932-33 pool must designate their intention upon delivery of the wheat.

Stocks of wheat at Liverpool amount to only 1,264,000 bushels compared with 5,166,000 bushels at this time a year ago.

Rain and snow was fairly general in Alberta over the past weekend and heavy rain fell in northern Saskatchewan. The seeding was delayed as a consequence.

An official report from Australia states that the condition of the wheat crop there is generally good. Australia increased wheat acreage materially this year, seeding some 18,000,000 acres.

The Dominion Government has paid the whole "shot" of the Imperial Conference. The appropriation for the purpose was \$350,000. A neat surplus in the account is expected.

Despite the depression, 32 new grain elevators have been built in Alberta this year at a cost of nearly \$400,000. Most of the houses are of the 30,000 and 40,000 bushel type.

Cost of hauling coal to eastern Canadian cities is being probed now by experts. It is to be hoped that some thing economical can be worked out, so that this business may be carried on to assist in relieving unemployment in the Canadian West.

When a hurricane struck Puerto Rico and adjacent villages in the West Indies 30 were killed and many injured, as the 120 mile an hour wind lashed the district. Property damage was heavier than in the 1928 blow.

Converting grain box into a beet rack was accomplished at Hervey's Blacksmith this week, when George Laycock had his truck box fixed up. All that will be necessary to change it from swinging, and bolt the it to put a couple of straps on to one side back into place.

Nine cargoes of Alberta wheat have been sold to China, the greater part of it to be shipped in October and November, but 7,500,000 bushels are now on the way to the Orient. This is making a more optimistic feeling in the farming circles.

Gandhi broke his death fast after abstaining from food for six days and five hours. He had vowed to not eat until an understanding was arrived at between Britain and the caste Hindus and Untouchables of India. He was weakened rapidly when an understanding was reached.

Frank Nevills of Sweet Grass was sentenced to life imprisonment in the Deer Lodge Penitentiary for the murder of A. J. Hedrix, last May in the border town. He expressed himself as pleased with the sentence, saying that he could now get the hospital attention he needed.

Dominion Agricultural Co. Offers Assistance to Farmers Anxious to Acquire Good Cattle and Sheep

Lethbridge Committee Announces Details of this Extended Payment Plan.

"Cattle and sheep earn their keep", might well be the keynote of the Dominion Agricultural Credit Society, Ltd. which is giving practical encouragement to mixed farming. The Lethbridge committee of the company has now been formed and will handle applications from farmers in Southern Alberta.

N. V. R. Huns, manager of the Bank of Montreal here and secretary of the Lethbridge committee, has made the following official announcement regarding this offer of assistance to farmers of the district who are anxious to add livestock to their farms.

The Dominion Agricultural Company, Limited, offers assistance to farmers who wish to acquire cattle of the beef or dairy types, or sheep on the extended payments basis, and applications for loans under the following basis will be considered:

Amounts not to exceed \$1,000; minimum sales, cattle, \$200; sheep, \$150.

Cattle—The amount carried per head by the company will depend entirely upon the financial showing of the applicant.

Sheep—The company will carry 80 p.c. of the cost of the sheep, plus 10 p.c. unloading point and not to exceed a reasonable amount per head. Applications for sheep over two yrs. of age will not be considered.

Down Payment—A down payment of 20 p.c. of the purchase price is required.

News Notes

65 cars of beets had been shipped from the Taber-Barnwell district up to last Wednesday evening.

Wesley Jensen and Russell Keall of Cardston were visitors here on Tuesday.

Magistrate J. W. Low of Cardston was here on official business Tuesday afternoon last.

Constable Wm. Ellis, R.C.M.P., of Magrath was a Raymond visitor on Tuesday of this week.

Rex Forsythe of Hill Spring was in Raymond on Monday and Tuesday of this week. He returned to Cardston with Gordon Brewerton.

Poll Tax Notices are being mailed out now from the Town Office. This should swell the Town coffers quite a bit this year.

Bryan and Roscoe Baker were busy on Friday and Saturday hauling poles to Meeks Eros, less 7 miles south-west of Milk River.

Members of the Stake Primary Board were in Stirling on Friday last attending the Primary Homecoming in that Ward.

Medames Welby Bullock and Lucila Neal, and Leland Wal were Lethbridge visitors last Saturday afternoon.

While in Cardston over the weekend, Frank Atkinson made a trip over to Glacier National Park. He returned to Raymond on Monday morning.

The Homecoming of the First Ward Primary was held last Friday afternoon, and a large crowd of boys and girls were present, who thoroughly enjoyed the program, games and the refreshments which were on sale.

quired, but if the applicant is unable to make the required cash payment the company will consider carrying the full amount provided additional security on cattle or sheep, clear of encumbrance, is offered in an amount adequate to protect the company. Evidence must be furnished showing additional security clear of encumbrance.

Charges—The price to be paid by the applicant to the company will be fixed by adding to the price paid by the company, freight, inspection, veterinary, shipping, delivery and other expenses and charges paid by the company and 10 per cent. of the price paid by the company, less down payment, if any, to cover overhead charges incurred by the company on said purchase, the investigation of the advisability of the credit, expenses in obtaining fire, lightning and tornado insurance deemed adequate by the company for not to exceed 3 years from date of delivery to the applicant.

Terms of Payment

Cattle—30 per cent. due October 1 after date of purchase, 20 per cent. due October 1 second year; 40 per cent. due October 1 third year.

Sheep—30 per cent. Nov. 15 following date of purchase; 50 per cent. Nov. 15th second year; 40 per cent. Nov. 15th third year.

On cattle purchased after July 1 make first payment due October 1 of year following date of purchase. First payment on sheep purchased after July 1 will be made due Nov. 15 of year following date of purchase.

Interest—All unpaid balances will draw interest at the rate of six per cent. per annum.

Security—The applicant will give the company a conditional sale agreement on all animals sold and such additional security as the company may require.

Security

In all sales of sheep the applicant will be required to give security on any other sheep he'd by him, thus reducing the difficulty of identifying the animals covered by the security. Wool is to be included in the security and proceeds applied when sold. Settlements, including the taking of securities, are to be made before the delivery of the animals to the farmers.

All applications are subject to approval and acceptance by the company and must be officially approved before the animals are purchased or shipped. Commitments on applications not completed within thirty days may at the option of the company without giving notice be considered to have expired.

The company is carrying on a development program and credit will be extended only for the purchase of additional and a better grade of live stock. The company will not refund indebtedness already existing.

Above terms are subject to change without notice.

Application forms can be obtained from the secretary of the Lethbridge committee, N. V. R. Huns, Bank of Montreal, Lethbridge.

The opportunities for purchasing foundation stock at reasonable prices were never better than at this moment. The opportunities which are offered by this company to farmers to purchase good cattle and sheep are unique and the extended payment plan is on such a liberal basis that the farmers who have stable and feed facilities, in the course of a few years can have a good sized herd of cattle or flock of sheep, which will produce a cash revenue that will go a long way towards meeting current expenses on the farm. — Lethbridge Herald.

TOWN FINANCES AND SCRIPT

At the last meeting of the Town Council, a comparative report of financial conditions of the Town for the 1931 season to the end of August, and the same period of 1932 was presented for the perusal of the Council.

The report is interesting from many stand points, and will give a clear idea of what the issue of Negotiable and Non-Negotiable Script has done for the Town of Raymond since its introduction early in the year. The issue was not decided upon until the legal aspects of the thing had been thoroughly gone into, and all the wrinkles and probable loopholes looked after. There were many ideas regarding it, and a great deal of fear on the part of many that with the Negotiable Script, especially, it would collect in great quantities and when the time arrived for redeeming it on Jan. 1st, 1933, there would be many thousands of dollars for the Town to redeem. The report will show that this is not the case.

We are not arguing that Issuing Script is a cure all for financial questions. We merely say that it has aided greatly in the financing problems of Raymond's Town Council. The beginning of the year found the Town Treasury drained. The credit at the Bank was not any too good, because of the lean years in 1930 and 1931. Tax collections had been slow, and it looked that the Town would either have to curtail very greatly the public services rendered, or else find a substitute for cash. The latter course was adopted, and at the present the finances of the Town are in very good condition and all due to the use of Script.

Now for a few items from the report submitted:

Payments on Town Taxes up to September 1st, this year were \$12,932.71; as against \$1,376.27 for the same period last year. Business Tax payments this year are \$3,269.27; last year at this time there had been paid only \$68.00. Payments on School Taxes are \$9,639.91 for 1932, as compared to \$2,797.74 for the same period of 1931. And in 1932 Bank Loans have only been \$14,000.00 against \$39,527.45 for the same period last year. We are also informed that debt payments have been met as they came due, nothing is owing on current borrowings, and even in the face of present conditions, last year's borrowings have been reduced some, which we think, is very good business.

While increases are shown in almost every departmental expense, these have all been met and cared for as they came due, and still the Town is carrying on. The use of Script has made this possible to such an extent and in brief it amounts to just this. A great deal of non-negotiable has been issued, and of course, this is merely endorsed back to the Town, and credit given on Taxes, Water payments, etc., that are collected by the Town. The negotiable script has mostly found its way into the stores up and down the street, and generally been endorsed by the merchants back to the Town, hence the increase in Tax payments.

There are many criticisms levelled at the Script system. It is not as good as cash, we admit, but if the cash is not available, and it has not been, script makes a very satisfactory substitute, or at least has done so far, and from present indications it could be introduced into municipal finances to a much greater extent than has been done so far. But we are not going to attempt to argue these points out now.

So far as we can see the needs of the people in the Town have been met very well in the use of Script. It is given to the Town employees, and they turn it over to the Merchants for goods, and the merchants on their part either pay it in on Taxes, or pass it on to their employees, and the employees pay taxes and water rates with it. Or there are men in the town selling coal, etc., who find it very convenient to take the Script and use it for the purchase of Groceries, Clothing, etc. So we say, as long as it is serving satisfactorily as a medium of exchange in these times, it is worth carrying on.

There is no question but what the increase in Tax payments is very largely due to the use of Script, and so long as the Town and others receive full value in its use, it should be satisfied.

Which is better, to have a debt of \$35,000 or more at the Bank and no Tax collections, curtailment of public services, and continual worry on the part of the City Fathers. Or, have bank accounts square, or nearly so, a good share of the taxes in, and everything moving smoothly. Think it over.

And, while we are on it, wouldn't Script have helped greatly in preventing the present catastrophe in the School situation? Why has it not been used to some extent in the financing of our schools? Were the teachers unwilling to accept part of their wages in Script, or have they never been approached on the matter? How much of it could be absorbed in the School expenses? And how much interest could the Town save each year by its use in the operation of the Schools?

We would not attempt to answer all of these questions, but it is a field for study on the part of those who are interested, and we would welcome correspondence pro and con on the matter. Elections are not far away, and it is more than likely that Script and its continuance will be a question again next year. Mr. Taxpayer and voter, how much do you know about it?

300 miners in Lethbridge went off The jury in Shelby, Montana, the City Relief recently, as a result found Frank J. Nevills guilty of the of Coal Mines in the district putting murder of A. J. Hedrix in Sweetgrass the men back to work. This will mean on May 19th last and recommended a saving of \$2,500 to the City of life imprisonment in Deer Lodge Penitentiary.

Youthful Strength

Dr. Magnus Hirschfeld, the world known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created

Titus Pearls

to help the millions of men and women who have lost or are losing their vital physical power. In his 25 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: High blood pressure, hardening of the arteries, physical exhaustion after work or exercise, nervousness, depression, neurasthenia, etc.

All these troubles can be removed with **TITUS PEARLS**. Numerous cases were treated by Dr. Hirschfeld in his Berlin Institute L.S. (State Official; 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental powers dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus Pearls 3 times a day. 2 weeks later the medical report on this man was: General health better, more vigor, discharges much less and returning of power. Treatment continued and 2 weeks later L.S. reported again, this time to say that all weakness and exhaustion had gone; he felt fresh and buoyant. His blood pressure had fallen, and at 60 years of age he had regained the physical power and virility that he had known in the prime of his life.

Start regaining your youthfulness now! Today! In 2 weeks time you will be aware of the new, virile force within you! Send \$5.00 (cash registered or money-order) for 2 weeks treatment. C. C. D. Orders accepted. WRITE FOR BOOKLET.

To avoid mistakes please fill out the following coupon:

News Notes

Howard Oliver was a Lethbridge visitor on Saturday afternoon last.

Spain's new wheat crop is estimated at 180,800,000 bushels as compared with 134,400,000 bushels last year.

The Alberta Pool elevator at East Coulee has been moved to Tilley and is now open for business. This is a 40,000 bushel house.

Russian sowings of winter wheat were 16,30,000 acres on September 1st as compared with 24,08,000 acres on the same date the previous year.

In China the wheat crop is smaller than last year in those districts involved in the foreign trade in wheat and flour.

Alberta Wheat Pool reports a larger volume of wheat being delivered on Pool basis this season and date than compared with volume Pooled same date a year ago.

PREPARING PULLETS FOR THE LAYING CONTESTS

It is most important that pullets intended for Egg Laying Contests should be of good parentage. Many and varied are the factors which go to make up what might be called good parentage, but the outstanding ones in this particular instance are constitutional vigour, fecundity and normal size for the breed. The problem of breeding high producing birds is a most intricate one, and what appears to be an excellent mating may not produce the desired results. The cautious breeder always uses tried and proven males mated to females of good breeding which are capable of producing chicks that will live and grow to maturity in normal time, and if a test run be secured on the fecundity of the daughters of such mating so much the better.

Factors other than heredity may affect egg production. Two of the most common drawbacks in the size of egg production from well bred pullets are lack of freedom from disease or parasitic infection and improper feeding.

There is an abundance of evidence available from the Egg Laying Contest conducted at the Experimental Farm at Ottawa, and at the various Branch Farms throughout the Dominion to convince everyone connected with the work that it is useless to attempt to get high egg production from birds which are hosts for either disease or parasitic infection even though the birds are from good parentage and well fed from the time of hatching until the Contest commences. The Registration Inspector has no doubt advised every breeder working under the Registration Policy to rear all chicks on clean ground each year, and if you have not done so up until the present and have been fortunate enough to have escaped trouble next spring would be an opportune time to start rearing chicks on clean ground. Copy the example already in operation on all well regulated poultry farms. Parasites of any kind are much more easily handled by the rotation of the rearing ground than by any other known plan, and the practice is within the reach of almost every poultryman.

Proper feeding is a gigantic undertaking, and while it is not difficult to rear chickens to the laying stage, it is quite another matter to raise them properly. Pullets intended for the Egg Laying Contest should be hatched at the proper time so that they will develop normally and be ready to commence laying toward the latter part of October or early in November. It is most important that the pullet be well born, that she be reared normally, and not forced to grow to attain size in too short a time, or on the other hand that she be held back when she comes to the laying period. Forcing pullets has a tendency to result in early maturity, small eggs and small bodied birds. Holding pullets back very often spoils them by forcing a moult and seriously affecting egg production. Rear the pullets normally and results will be more promising.

The most important factor in the rearing of good stock is to make sure that it is of good parentage. Breed only from females of known high production and from tried and proven males. The poultryman is more likely to get pullets which will lay well if something is known of the potential breeding value of the sire and dam than by the picking of a pen of pullets at random from a large flock.

How You Can Get 66 $\frac{2}{3}$ c Wheat

The Raymond Recorder will pay 66 2-3c per bushel for Wheat (Basis No. 1 Northern) at your elevator. It is hardly necessary to explain that this offer is made to enable the Recorder subscribers to pay up their arrears at a rate on the dollar commensurate with the current price of wheat. The plan the Recorder believes, will be widely acclaimed as very generous and fair.

The 66 2-3c Plan Applies to Payment of Arrears, Also New Subscriptions

On any transaction in connection with NEW or RE-NEWALS or on OLD ARREARS account, A BUSHEL OF No. 1 NORTHERN WHEAT will be accepted at the value of 66 2-3 Cents. Lower grades will also be accepted on this basis, as per schedule shown below, which shows the equivalent of \$2.00 in each grade:

No. 1 Northern, 3 Bushels	\$2.00
No. 2 Northern, 3 1-2 Bushels	\$2.00
No. 3 Northern, 3 3-4 Bushels	\$2.00
No. 4 Northern, 4 Bushels	\$2.00

Credit Will Be Given At Above Rates, Upon Receipt of Graded Storage Ticket Made Out To The Raymond Recorder - We do Not Accept a WHEAT SETTLEMENT On Any Other Basis

Subscriptions for More Than 1 Year in Advance Cannot Be Accepted Under This Plan

News Notes

Dale Gibb and Ansel Passey of Magrath were Raymond visitors on Saturday.

Miss Edythe McMullin returned home Sunday from Taber and Barnwell, where she spent last week visiting relatives and friends.

Mrs. D. H. Ellison and children of Waterton Park spent a few days last week with relatives and friends in Raymond.

Gandhi celebrated his 63rd birthday with a private concert in his cell in jail on Tuesday. He is recovering his strength after his death fast.

Cardston had a heavy and killing frost on Sunday night, and news reports state that everything will be ripe for harvest now.

Macedonia and Chalcedice were visited by an earthquake on Monday night, and it is feared 120 persons lost their lives. The centre of the quake was thought to be in Southern Siberia.

Howard Oliver, who has been in the Bank of Montreal here for some time has been transferred to Calgary, and left this week to take up his work there. His many friends here regret his departure, but wish him success in his move.

Mr. Powell, of Hammond, B.C. and his wife were in the district for a few days the early part of the month and visited here and at Cardston. He was much impressed with the district as a whole. This is the chief breeder from whom Jas. S. Anderson buys most of his Baby Chicks.

Jimmy Ross, son of Mr. and Mrs. Aaron Ross, was the victim of a painful and a serious accident early this week, when he fell in a barn while trying to catch pigeons, and splintered the bones in his shoulder and arm also loosening the arm in the socket. Mr. and Mrs. Ross left with him early Wednesday morning to take him to Salt Lake City for special treatment. His recovery will be eagerly awaited by the many friends of the family here.

News Notes

C. R. Wing is enlarging his barn, building a hay barn onto the lean to part of it.

Earl P. Tanner of Magrath was a visitor at the Second Ward Sacrament meeting on Sunday night last.

Cliff Gough is running the Factory bus again this year, and R. Weyling is on the Spinners again during the Campaign.

The rain on Sunday was quite cool and it felt like snow all forenoon. In the afternoon, however, the skies cleared, and it was better looking at dark.

LOST — Between Raymond and Lethbridge, Spare Tire, Tube and Rim for Willys-Knight, size 6.00 x 20. Reward for return to Recorder Office.

Adoption by Denmark on Sept. 1 announced by the Montreal Board of a sweeping free trade policy was information.

The people of the Peace River district are pressing for a reduction in freight rates of five cents a bushel on all grains.

The Yankees won the first two of the World's Series, 12-6 and 5-3. Gehrig got a homer in the first game, and the Cubs pulled two doubles in today's game. Next game Saturday.

E. A. Heninger, Lethbridge, and B. F. Tanner of Cardston were Raymond visitors on Friday afternoon last.

Two local boys were fined last week for shooting without a license. They were given the minimum fine under the Game Act, but at that it cost them enough to buy four or five year's licenses.

The new house of R. A. VanOrman is just about finished on the outside, and the interior finishing will be next in order. It will be a very nice home, and will make a nice addition to that part of town.

On Sept. 17th, Norma Litchfield celebrated her sixth birthday, and a party was held in her honor at the Mammoth School where 20 of her young friends took part. The afternoon was spent in games and refreshments of punch and cake served. All visited the School Fair here at the conclusion of the party.

Canada is planning on floating another \$50,000,000 loan this fall to meet payments that must be made. This will bear interest and make our burden as Dominion taxpayers just a little heavier. Getting used to it "Little by Little" we can probably stand the load without any disastrous results tho. Another proof of what practice will do for humanity.

Our "End Depression" Prices \$6.70 for a Genuine Goodrich Tire

"END Depression" is no joke, either. There's no depression around here since we priced genuine Goodrich Tires, made by the oldest and most experienced tire manufacturer, down as low as

Just think of it—less than a ten-dollar bill for the size that would have cost you eighteen or twenty dollars ten years back. And this is twice the tire you would have got then, too. No wonder people are loosening up—we predict that they won't match this value if they wait ten years more.

The name Goodrich is right on the sidewall of the Cavalier. By actual test it's a 26% better tire. More mileage, more traction. The handsomest tire you ever put on your car. Come in now.

29 x 4.40	\$6.70
30 x 4.50	\$7.00
28 x 4.75	\$9.00
29 x 5.00	\$9.50
29 x 5.50	\$11.80
